

Dear Parent/Guardian

September 2018

As we informed you prior to the summer holidays, and to further support students during their Year 11 studies, we will be holding a Parent Information Evening on Thursday 20th September 2018.

The evening will include a short presentation from Head of Year Mr S Green, and myself with information regarding further study opportunities and support available throughout the year. Before and after the presentation there will also be the opportunity to visit the Maths, English and Science departments to inform you of the subject specific support offered, before speaking to individual subject teachers themselves. Each drop in session will be 40 minutes long and they will all repeat so you can visit any departments at each time. The breakdown of the evening will be as follows:
