AND LIBRARY LESSONS
Y7**

WHAT ABOUT LIBRARY LESSONS?

Usually, as part of your English lessons, you would have a lesson in the Library once every two weeks using the Accelerated Reader system. Unfortunately, we cannot do that in the current circumstances.

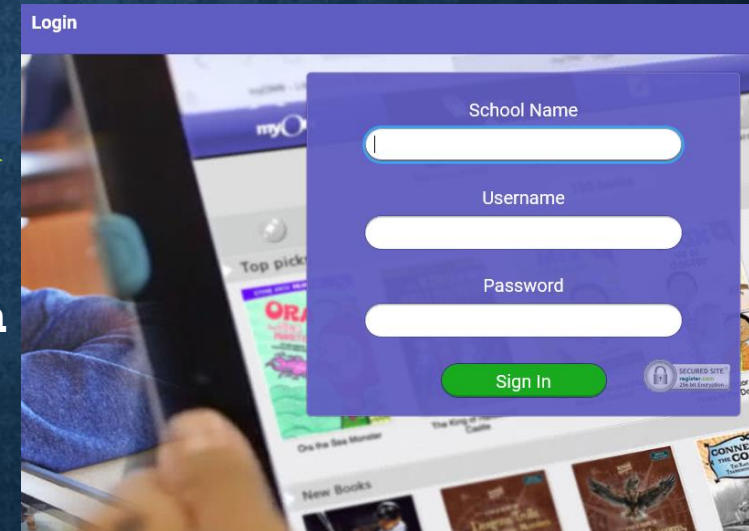

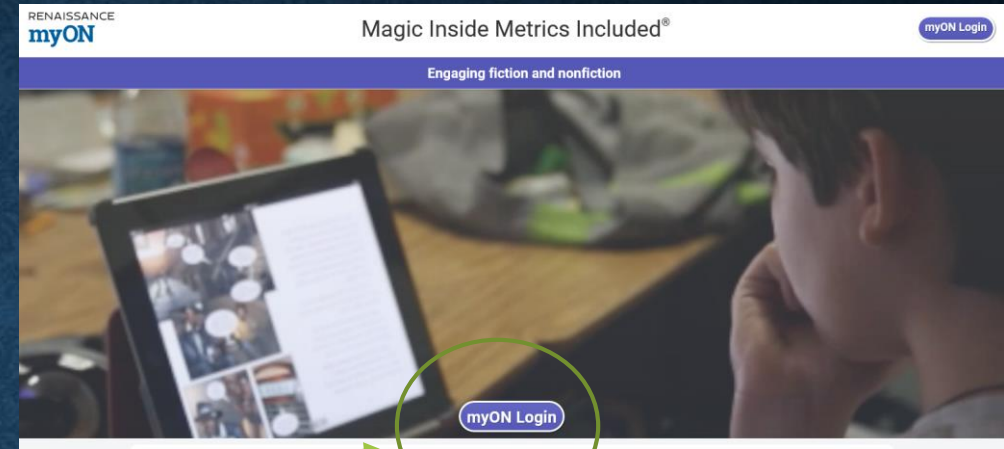

So that you keep up with your amazing reading, we have purchased a new system for you to use – **MyON**. This site will give you access to over five thousand books and works with Accelerated Reader - where you read selected texts and complete comprehension and retrieval quizzes after each book you have read.

ABOUT THE MYON SYSTEM

- **You will now have access to a website called MyON, where you can read full books but as an e-book**
- **When you choose books to read, it will select them at the correct level for your age and ability**
- **It allows audio narration for some of you, if you struggle to read large amounts independently**
- **MyON shows what level you are at and how this changes as you become a better reader**
- **Your teachers can see how much time you have spent reading and lots of other information about how you read. They can use this to help you further**
- **There are 5814 books to choose from in all kinds of categories**
- **You can browse and select books by genre, category, subject, author, series, or a keyword from an interest you have – there will always be something you like!**
- **It is very easy to use – you can select and view books in much the same way as Netflix operates.**

The screenshot displays the MyON Accelerated Reader dashboard. At the top left is a search bar labeled 'Search myON'. Below it is a 'Join Group' section with an input field for 'enter access code' and a 'Join' button. The main dashboard area features three colored boxes: 'Star Score' (orange) with a question mark, 'ATOS ZPD' (blue) showing '4.0 - 6.1', and 'Lexile' (green) with a question mark. A note below these boxes states: 'You will use your Star score once you have taken a Star test.' Below this are three columns of progress metrics: 'Time spent reading' (0 minutes this week), 'Books finished' (0 books this week), and 'Pages read' (0 pages this week). Each column includes a gauge chart and a 'Last week' comparison.
