

**ACCELERATED READER
AND LIBRARY LESSONS
Y8**

WHAT ABOUT LIBRARY LESSONS?

Usually, as part of your English lessons, you would have a lesson in the Library once every two weeks using the Accelerated Reader system. Unfortunately, we cannot do that in the current circumstances.

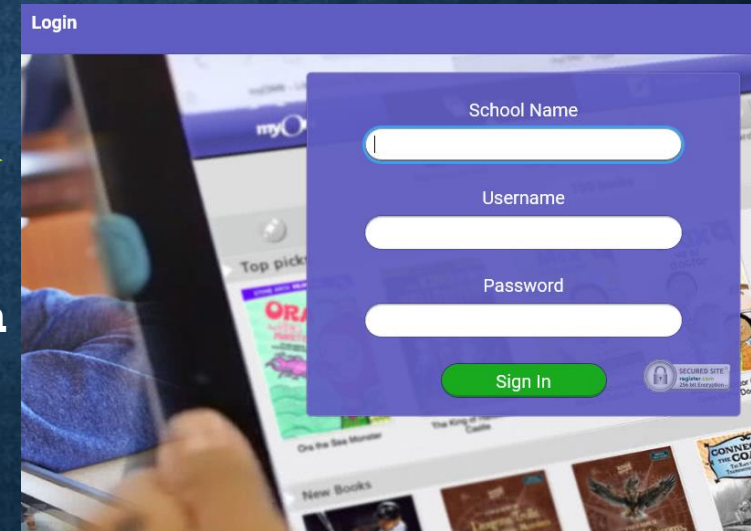

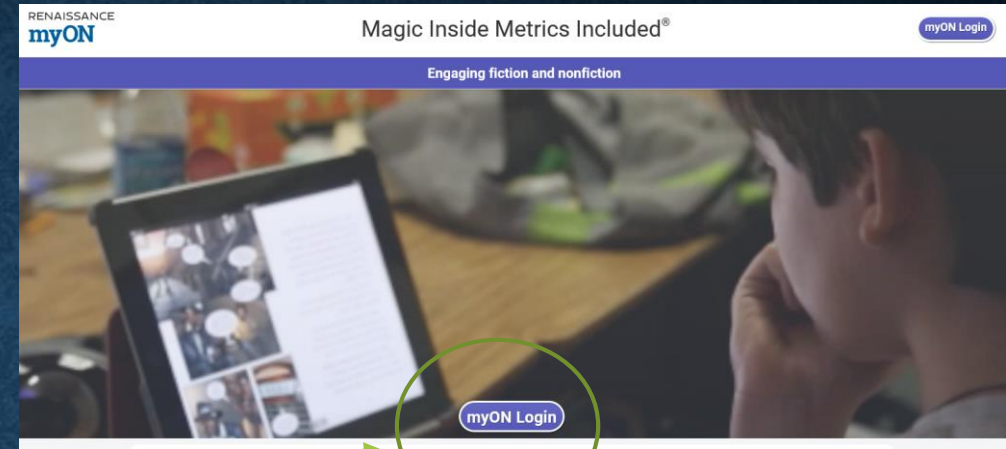

So that you keep up with your amazing reading, we have purchased a new system for you to use – **MyON**. This site will give you access to over five thousand books and works with Accelerated Reader - where you read selected texts and complete comprehension and retrieval quizzes after each book you have read.

ABOUT THE MYON SYSTEM

- **When you choose books to read, it will select them at the correct level for your age and ability**
- It allows audio narration for some of you, if you struggle to read large amounts independently
- **Like your Library booklets from last year, it shows what level you are at and how this changes as you become a better reader**
- Your teachers can see how much time you have spent reading and lots of other information about how you read. They can use this to help you further
- **There are 5814 books to choose from in all kinds of categories**
- You can browse and select books by genre, category, subject, author, series, or a keyword from an interest you have – there will always be something you like!
- **It looks like Netflix and is very easy to navigate**
- The site links to your Accelerated Reader account so when you've read a book, you can then click to do a quiz automatically, like you did in the Library last year.
